Rugby Union

Anthony Tunbridge has made it into the Tamworth Zone Rugby Union.

He will travel to Gunnedah on Tuesday 21 May 2019 to hopefully gain selection into the Southern Zone Northwest Team for PSSA Rugby Union.

Well done Anthony!

Rugby Union

Leonie Byrne, Principal

I would like to congratulate all our Year 3 and 5 students for their persistence, determination and commitment to their education around the NAPLAN testing which occurred this week. All staff would like to congratulate you all on your amazing efforts.

National Sorry Day is an Australia-wide observance held on 26 May each year. This day gives people the chance to come together and share the steps towards healing for the Stolen Generations, their families and communities. National Sorry Day is important to us as an organisation because we use it to remember and recognise our Stolen Generations.

National Reconciliation Week will run from May 27-June 3. These dates mark two milestones in Australia's reconciliation journey: The 1967 referendum and the historic Mabo decision.

The meaning of Reconciliation Week is about acknowledging people living and working together with the theme being **“Grounded in Truth Walk Together with Courage”**. At Tamworth South Public School we will be acknowledging these significant milestones as part of our reconciliation journey.

Re: Nationally Consistent Collection of Data on School Students with Disability (NCCD)

Every year, all schools in Australia participate in the Nationally Consistent Collection of Data on School Students with Disability (NCCD). The NCCD process requires schools to identify information already available in the school about supports provided to students with disability. These relate to legislative requirements under the Disability Discrimination Act 1992 and the Disability Standards for Education 2005, in line with the NCCD guidelines (2019).

Information provided about students to the Australian Government for the NCCD includes:

- year of schooling
- category of disability: physical, cognitive, sensory or social/emotional
- level of adjustment provided: support provided within quality differentiated teaching practice, supplementary, substantial or extensive.

This information assists schools to:

- formally recognise the supports and adjustments provided to students with disability in schools
- consider how they can strengthen the support of students with disability in schools
- develop shared practices so that they can review their learning programs in order to improve educational outcomes for students with disability.

The NCCD provides state and federal governments with the information they need to plan more broadly for the support of students with disability.

The NCCD will have no direct impact on your child and your child will not be involved in any testing process. The school will provide data to the Australian Government in such a way that no individual student will be able to be identified – the privacy and confidentiality of all students is ensured. All information is protected by privacy laws that regulate the collection, storage and disclosure of personal information. To find out more about these matters, please refer to the [Australian Government's Privacy Policy \(https://www.australian.gov.au/privacy-policy\)](https://www.australian.gov.au/privacy-policy).

Further information about the NCCD can be found on the [NCCD Portal \(https://www.nccd.edu.au\)](https://www.nccd.edu.au).

If you have any questions about the NCCD, please contact the school.

Kind regards

Jump Rope for Heart

Thank you to ALL the students who got involved with Jump Rope for Heart!

A huge thank you for the effort skipping and fundraising for the Jump Rope for Heart program that Tamworth South participated in last term. Together we raised an incredible \$2,084!

This money will go towards vital heart research and education programs. We've loved seeing so many smiling faces skipping on the playground and in sports lessons. Our Jump Off Day was a huge success and you can see a few action photos from the day below.
